## 1. SUMMER SKILLS 2021/22 UPDATE

### a. Intent to Participate submissions have now closed

Thank you to all Smart and Skilled providers who submitted an intent to participate in delivering part qualifications for the 2021/22 Summer Skills program, as announced in Smart and Skilled Update No. 144 (17 August 2021). Training Services NSW regional offices are currently assessing part qualifications in these submissions against demand and requirements for their regions.

If you submitted an Intent to Participate, your Strategic Relationship Manager or another representative from Training Services NSW will be in contact to discuss:

- the part qualifications submitted
- enrolment dates and delivery locations for the part qualifications that will be funded.

### b. Completing a Training Needs Identification (TNI) application for Summer Skills part qualification training

Training Services NSW will advise providers of the part qualification training for which they can submit TNIs. Providers are asked not to lodge any TNIs for Summer Skills until after they have been so advised.

When creating TNI applications for Summer Skills, please follow the process for Targeted Priorities Pre-vocational and Part Qualifications Program (TPPPQ) TNIs, ensuring that the following is selected in the fields below:

Field	Select...
<b>Program Strategy:</b>	<ul style="list-style-type: none"> <li>• TPPPQ – Skilling for Recovery Initiative – Redeployment and Youth</li> </ul> <b>or</b> <ul style="list-style-type: none"> <li>• TPPPQ - Skilling for Recovery Initiative – Construction</li> </ul>
<b>Program Stream:</b>	Part qualifications Targeted Skills
<b>Employment status of student(s):</b>	Mixed (Job Seekers and Existing workers) <i>The employment status of “Mixed” should always be selected to enable training to be delivered to a mixture of Skilling for Recovery eligible students if required</i>
<b>Target Group type:</b>	Specific Target Group
<b>Target Group:</b>	<b>Summer Skills</b>
<b>Maximum Places:</b>	<b>20</b>

### c. Dates for enrolment and training delivery

Enrolments are **now open** for approved TNIs where the PAS has been accepted by the provider.

Related training must commence **no later than 31 December 2021** and be completed by **30 April 2022**.

Critical Dates	
<b>Now</b>	<b>Enrolments open</b>
<b>31 December 2021</b>	Training must have commenced
<b>30 April 2022</b>	All training completed

**d. For Providers wishing to subsequently participate**

If you did not submit an Intent to Participate but are now interested in offering training under Summer Skills 2021/22, please contact your Strategic Relationship Manager to discuss.

**e. For Providers wishing to access Departmental training venues across NSW**

The Department may be able to make some school facilities available for face to face delivery of Summer Skills training across NSW, to assist providers that are unable to find suitable venues during this period. These facilities may include classrooms, covered outdoor learning areas and ovals.

If you would like more information about accessing Departmental facilities to deliver Summer Skills training, please contact [skillsbrokers@det.nsw.edu.au](mailto:skillsbrokers@det.nsw.edu.au).

## 2. EXTENSION OF STEP SAFELY INTO CONSTRUCTION: FREE CONSTRUCTION BOOTS AND HARD HATS AVAILABLE FOR ELIGIBLE STUDENTS

The [Step Safely into Construction](#) initiative provides free Personal Protective Equipment (PPE) packs for eligible students enrolled in part qualification construction training under NSW JobTrainer/Skilling for Recovery – Construction. The PPE packs consist of construction boots and a hard hat and may be ordered by providers through the NSW Department of Education on behalf of eligible students.

This initiative has now been extended to cover eligible students where training is due to complete on or before 31 December 2021. All applications for PPE packs must be submitted **before 30 November 2021** (for December training delivery).

Applications for PPE packs will only be considered where:

1. The application is submitted **prior** to the delivery and assessment of training (*a PPE pack application cannot be submitted at midpoint or completion of training*).
2. PPE is required for training and assessment of construction trade-related qualifications from the following training packages only:
  - Resources and Infrastructure Industry (RII), Construction, Plumbing and Services (CPC), Electrotechnology (UEE), Manufacturing and Engineering (MEM); and
  - construction-related Transport and Logistics (TLI) high risk licence units of competency.
3. Training/assessment is required to be performed face to face on a construction site (see point 2 above).
4. All student declarations and boot size information are completed by eligible students/training provider and submitted with the application.

**Note:** The Department will support PPE packs at its discretion based on the units of competency and related industry safety requirements.

For further details on the initiative and order process, please refer to the **updated** provider fact sheet, *Smart and Skilled – NSW Job Trainer/Skilling for Recovery – Construction – Step Safely into Construction with Personal Protective Equipment*, which is attached. The fact sheet is also available from STS Online > Smart and Skilled Contract Management > Support Documents.

Queries on the initiative can be directed to: [SFR-construction.PPE@det.nsw.edu.au](mailto:SFR-construction.PPE@det.nsw.edu.au).

### **3. RESEARCH PROJECT: UNDERSTANDING THE EXPERIENCES OF ABORIGINAL AND/OR TORRES STRAIT ISLANDER STUDENTS IN VET – PARTICIPANTS SOUGHT**

The Department of Education, Skills and Employment, in conjunction with the [GO Foundation](#), has commissioned a research project, *Understanding the Experiences of Aboriginal and/or Torres Strait Islander students in VET*, which is being conducted by the 100 per cent Indigenous-owned consultancy, [Two Point Co](#). The research will also be supported by UNSW's Centre for Social Impact.

Two Point Co are currently in the process of recruiting VET students and staff who may be interested in participating in the research, led by Shiralee Lawson, Senior Consultant and Wonnarua and Kunja woman, and Tiffanie Ireland, Director and Kamilaroi woman.

#### **a. Background**

Evidence shows that VET is a critically important pathway for Aboriginal and/or Torres Strait Islander peoples, with overwhelmingly greater engagement in comparison to higher education. However, Aboriginal and/or Torres Strait Islander peoples are more likely to face barriers such as institutional racism and lower completion rates.

The purpose of this research is to understand:

- Current and past VET students' experiences studying VET courses
- The role that culture plays as part of the experience
- The support services offered to Indigenous VET students, and
- The gaps or opportunities for the future development of a scholarship program for Indigenous students.

#### **b. Contact**

Providers are asked, if they have staff or students who may be interested in participating in the research project, to please contact Shiralee Lawson on 0400 270 730 or via email at [shiralee@twopointco.com.au](mailto:shiralee@twopointco.com.au).

### **4. DOCUMENTARY ON ADULT LITERACY FOR TEACHER/TRAINER VIEWING**

SBS is currently airing a three-part documentary, *Lost for Words*, which commenced on Wednesday 22 September 2021 at 8:30pm. The documentary looks at the challenges of adult literacy in contemporary Australia from the perspective of eight participants undertaking nine weeks of intensive literacy training – the first steps of their journey towards fulfilling their individual goals and potential.

Relevant viewing for all teachers and trainers, past episodes are available on SBS On Demand ([www.sbs.com.au/ondemand/program/lost-for-words](http://www.sbs.com.au/ondemand/program/lost-for-words)).

## 5. COVID-19 SMART AND SKILLED PROVIDER WEBINAR – FRIDAY 1 OCTOBER 2021 – AND RECORDING OF WEBINAR HELD 17 SEPTEMBER 2021

The recording of the last COVID-19 Smart and Skilled Provider Webinar with Minister Lee (held on Friday 17 September 2021) is available [here](#). Answers to providers' questions raised at this webinar are available at [https://www.training.nsw.gov.au/news/articles/covid-19/faqs\\_webinar.html](https://www.training.nsw.gov.au/news/articles/covid-19/faqs_webinar.html).

### a. Further information for providers

There is a dedicated COVID page on the Training Services NSW website at <https://www.training.nsw.gov.au/news/articles/covid-update.html> which is regularly updated. The FAQs on this page are broken down by audience as follows:

- Registered Training Organisations (RTOs)
- SBATs and apprentices and trainees
- Organisations employing apprentices and/or trainees
- Students

Please check the FAQs for RTOs at [https://www.training.nsw.gov.au/news/articles/covid-19/faqs\\_rto.html](https://www.training.nsw.gov.au/news/articles/covid-19/faqs_rto.html) for the latest responses to common provider questions.

## 6. UPDATE TO THE SMART AND SKILLED POLICY FOR THE SKILLING FOR RECOVERY INITIATIVE (VERSION 1.6)

The *Smart and Skilled Policy for the Skilling for Recovery Initiative* has been updated to reflect the new enrolment and training dates advised in Smart and Skilled Update No. 147 (10 September 2021). Version 1.6 of the policy is attached for your reference and can also be found in STS Online > Smart & Skilled Contract Management > Support Documents.

The policy now specifies the following dates regarding the enrolment of students and commencement and/or completion of training under Skilling for Recovery:

- **Full qualifications:**  
Providers can enrol students **until 31 December 2021** and students may **commence training until 31 March 2022**.
- **Part qualifications:**  
Providers can enrol students **until 31 December 2021** and **training must be completed by 30 June 2022**.

## 7. NSW SKILLS LIST UPDATED – VERSION 12.2

The NSW Skills List has been updated. This update covers changes as a result:

- updates to Training Packages; and
- updates to Vocational Training Orders (VTOs).

Version 12.2 of the NSW Skills List is now available at:

[https://www.training.nsw.gov.au/smartandskilled/nsw\\_skills\\_list.html](https://www.training.nsw.gov.au/smartandskilled/nsw_skills_list.html)

Version 12.2 of the *Smart and Skilled Prices and Fees Schedule* has also been updated to cover changes to the Skills List and is now available at:

[https://www.training.nsw.gov.au/smartandskilled/prices\\_fees.html](https://www.training.nsw.gov.au/smartandskilled/prices_fees.html)

Version 12.2 of the NSW Skills List and *Smart and Skilled Prices and Fees Schedule* are effective as of 27 September 2021.

## 8. SUMMER SKILLS 2021/22 UPDATE

### a. The Summer Skills website is now live

The Department has launched a [Summer Skills website](#) for students, who can now visit the program's page to explore the wide range of courses offered across NSW and contact training providers to enrol. Potential learners are able to search for courses by key words and filter them by region to find the training and locations which best meet their needs.

**i. Please check your data**

Participating providers are asked to please check and maintain the accuracy and currency of their course information (including contact details) via STS Online, as the web data is drawn directly from the system.

If you cannot find the Summer Skills courses your organisation is offering on the page, please contact your Strategic Relationship Manager (SRM) or local Skills Broker.

**b. Promotional collateral available for participating Providers**

To assist in the promotion of your Summer Skills courses, there is also a [Summer Skills for RTOs](#) page on the Training Services NSW website which offers a range of branded material for use by Smart and Skilled providers with approved Summer Skills courses. This includes editable flyers and social media assets for use on your digital channels. The page also contains approved key messages for social media posts or newsletter articles.

**c. For Providers wishing to participate**

If you wish to be part of the Summer Skills program and have not previously indicated an intent to participate, please contact your SRM or Skills Broker to discuss. Training Needs Identification applications (TNIs) related to Summer Skills will not be considered unless they have been negotiated prior to submission with your SRM or local Skills Broker.

**9. INTRODUCING THE VET DATA STREAMLINING PROJECT**

The VET Data Streamlining project is a joint initiative between the Commonwealth, state and territory governments, the National Centre for Vocational Education Research (NCVER) and vocational education and training (VET) regulators to improve the way VET training activity data is collected and used across the VET sector nationally.

The project entails the development of a new VET information standard, to be supported by cloud-based digital technology which will introduce a “one stop shop” portal for all VET data reporting.

VET Data Streamlining will improve data submission and validation by training providers and State and Territory Training Authorities (STAs), increasing the availability, timeliness, and relevance of VET data for all users.

**a. Responsibilities**

The Department of Education, Skills and Employment (DESE) is responsible for:

- the development of centralised technology for new data submission, storage and access arrangements
- preparation of a national legislative and policy framework to enable implementation of VET Data Streamlining
- coordination of change and engagement to assist jurisdictions, RTOs and Student Management System (SMS) providers in the transition to the new technology.

NCVER is leading the development of the new national VET information standard, which includes:

- new data elements and modifications to some existing elements

- a national business glossary and technical dictionary
- a contemporary data model.

NCVER is also supporting jurisdictions, RTOs and SMS providers to transition to the new national standard.

State and territory governments are responsible for implementing VET Data Streamlining in their state or territory.

#### **b. Timeframe and consultations**

DESE, NCVER and partner states and territories will be engaging with RTOs and student management system (SMS) providers to understand how the implementation of VET Data Streamlining will impact these businesses.

DESE are holding initial discovery workshops with a small group of RTOs and SMS providers this month (October 2021). These workshops will inform the preliminary development of the VET information standard and the new VET data IT system. DESE and the vendor they have engaged for this project ([WhereTo Research](#)) will contact participating organisations directly. Organisations not involved in these initial workshops will have the opportunity to participate in subsequent consultations and surveys.

More information will be made available as the project progresses.

For support with issues such as system/information access and functionality, reporting, and other technical matters, please contact Training Market Customer Support at [Training.Market@det.nsw.edu.au](mailto:Training.Market@det.nsw.edu.au). Unless otherwise indicated, please refer enquiries regarding specific operational matters such as Financial Caps, and programs/initiatives such as Skilling for Recovery to your Strategic Relationship Manager, as advised in the relevant Smart and Skilled Update.

*If you require further information for students or employers, please contact Training Market Customer Support, as above, unless otherwise instructed.*
